# Welcome

We at DELTA Publishing are delighted to present our 2020 catalogue. This year sees the first DELTA course for young adults and adults, *On Point*. We're sure that teachers of all levels of experience will love the 'take and teach' approach, which means less time preparing and more time in the classroom. *On Point* is designed to be a reliable coursebook with solid grounding in the four skills: Reading, Writing, Speaking and Listening. Teachers and students will certainly appreciate the clear layout and natural flow of the course.

Being a source for innovative materials that bring the best in methodology for professional development remains highly important to us. At DELTA, we produce materials in line with the latest teaching trends and are fully committed to expanding both the DELTA *Teacher Development* series and the *Ideas in Action* series. Our authors work in the fields they write about and want to share the knowledge they have gained from being on the ground.

Taking certified exams is a growing area for English language students and teachers alike and we have an exciting project in this field. By using up-to-date materials your students will have just what they need to get the grades they are aiming for. That's why we have updated the *Practice and Pass* series for the 2020 Cambridge English exams A2 Key and B1 Preliminary. Keep an eye out for further titles in the near future.

As good language learners know, reading is the key to better vocabulary and fluency. All ages and types of learners can profit from adding Readers to their agenda. Critical thinking is encouraged and reading books can expand and deepen learners' knowledge of the world around them. Our DELTA Readers series is growing from a modern day thriller *The 6.42 from London Bridge* to *Rapunzel* letting her hair down. The readers are full of activities and illustrations to keep readers motivated – in addition all the audios can be downloaded on a phone or tablet to listen to anytime, anywhere.

We hope you like the new titles and also enjoy your old favourites. We always like to hear from you with any suggestions or feedback, so feel free to contact us.

Best wishes,

*Elizabeth Webster*

# Bloggers: How does each unit work?

## The opening double page...

**The main character of the unit** who presents his or her city and the topic that you're going to deal with.

**The objectives of the unit**, and above all **your challenge** ! This is the task that you're asked to carry out, and which we're sure you'll be able to do.

**A simple question** about a specific aspect of the English-speaking world. The unit will equip you with the tools to be able to respond.

**Two activities** to familiarise you with the subject and revise what you've learned.

**A video** that shows you the city and the topic.

## The heart of the unit...

**A broad variety of authentic and interesting input** (texts, videos, audios, images ...).

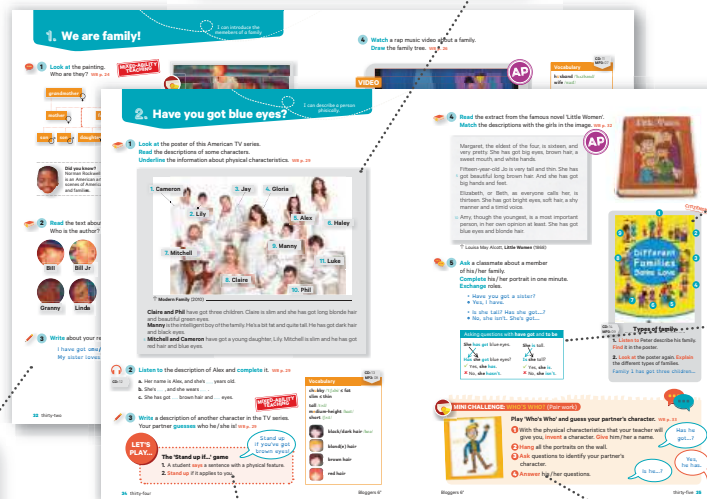

**Cultural awareness: become a citizen of the world...** in English, naturally!

**The essential grammar and vocabulary** you need to remember.

Need help to express yourself? Use the prompts or the **examples in blue**.

**Games**, because you always learn better when you're having fun!

**A mini-challenge** (= project work or task) to get you started on the path to the final challenge.

# My grammar My vocabulary...

**Observation questions**  
to find links between English  
and other languages that you  
know.

**Simple explanations  
and exercises** for each  
grammar point in the unit.

The collage contains three main components:

- My grammar**: Includes sections on '1. THE VERB HAVE GOT', '2. THE PRESENT TENSE OF THE VERB TO BE', and '3. POSSESSIVE ADJECTIVES'. It provides simple explanations and exercises for each point.
- My vocabulary**: A mind map centered on 'PHYSICAL DESCRIPTION' with branches for 'FAMILY MEMBERS', 'BUILD', 'HAIR', 'EYES', 'SKIN', and 'GLASSES'. It lists various adjectives and phrases for each category.
- THE FAMILY**: A worksheet titled 'DESCRIBING PHYSICAL CHARACTERISTICS' with a family tree diagram and a list of questions to describe family members.

Make the **Workbook**  
your friend; it'll train you to  
speak English thoroughly!

Check your pro-  
gress with a **variety**  
of exercises.

The **mind map** visualises all the  
vocabulary in the unit. Words are  
easier to memorise when they're  
grouped in a logical way!

## Your project...

**Your mission!** Follow all steps to  
successfully master your project: share the lasting  
result with your class, friends and family.

## The culture blog...

**Follow the bloggers**  
and read and learn about  
the English-speaking  
world. Then create your  
own blog or presentation.

The blog post 'FAMILY PAINTINGS' discusses two famous American family paintings. It includes images of the paintings and text about the artists, Norman Rockwell and Lois Mailou Jones, and their depictions of American families.

# DELTA Readers

Our DELTA Publishing Graded Readers give learners from primary levels upwards the opportunity to use the language they've learnt in class to explore different genres and "worlds".

No matter how old you are, or how good at English you are, you boost your confidence and see how much you really do know. The annotations will help you understand the most difficult words on the page as you read, and the activities will both help you build your language skills and reflect on the content of the book.

As a teacher, you can of course use the Graded Readers in class to motivate your students to read. Carefully written and graded according to the CEFR levels, our growing number of titles dive into the worlds of fairy tales, adventure, crime, mystery, history...

Our Graded Readers are intended to develop your students' reading and language skills. We want to help you get them interested in reading and show them that language really does matter.
